

DI In Brazil

DI International Business Development (DIBD) has established a service and consultancy office in Brazil, DIBD OMIB Consultoria Ltda., which can assist your company on the Brazilian market

Great Potential

As one of the so-called BRIC countries, Brazil is associated with high growth and vast opportunities for Danish companies. Within the next 10-15 years, Brazil is expected to become one of the largest economies in the world with a population of more than 200 million people. Presently, the country is undergoing a positive development. Steady growth and a political stability have earned Brazil a more investor-friendly reputation.

Get it right from the start

In spite of the promising prospects, Brazil is a challenging market. DI's office in Sao Paulo offers your company the opportunity of getting a proper start. Through the Brazilian office, you get all the advantages of being locally represented in the country, without having to make the traditional investments that are often expensive, time consuming, and rather risky. In addition, your company can get assistance with the legal and administrative challenges connected to establishment on the market. When the market potential has been clarified, your company can continue to use DI's office in Brazil. DI is your partner in Brazil.
